

Onsite Sewage (Septic) System Designer Referral List

The following companies/individuals are Licensed Onsite Wastewater Treatment Designers or Professional Engineers with the State of Washington. The companies/individuals that are listed have requested and applied to be included on this referral list. This list has been posted for the convenience of the public and *is not* an endorsement of these companies (or individuals) by the Health District. The Health District provides no warranty or assurance of quality of the services or products for any of these companies/individuals. It is strongly recommended that people ask for and obtain references for any contractor that they are considering, obtain at least three written bids, and require the use of a written contract for services before hiring or paying a contractor for services.

This list is current as of the date above. For additional information regarding state licensed contractors, please use the following website:
