
Super Cleaners

1468 Olney Avenue, Port Orchard WA 98366

“My customers like that I am an EnviroStar business.”

Mr. Lim, owner

Congratulations to Super Cleaners of Port Orchard for upgrading to a **four-star** EnviroStars certified business!

Mr. Lim, the owner of Super Cleaners is committed to reducing hazardous waste. He uses secondary containers and absorbents to prevent spills. He limits the amount of chemical spot cleaners used and asks the vendors for alternative and safer products.

Mr. Lim also take extra steps with their hazardous waste vendor by tracking where their waste is shipped and keeps good documentation.

Super Cleaners stores and handles their hazardous waste in a safe manner, *e.g.* in sturdy containers with lids that are kept closed, and properly labeled. Solid waste is also reduced by recycling hangers, reusing or recycling plastic garment bags, and donating uncollected clothing to local charities.

Mr. Sang Lim, owner

Mr. Lim also took extra steps to assure that the property within the store was protected by having the floor area around the dry cleaning equipment sealed with a special floor coating. In the unlikely event of a small spill of the dry cleaning chemical perc, the floor coating prevents the chemical from infiltrating the floor and subsequent ground underneath.

With careful business practices Mr. Lim is helping to protect the health of customers, and the environment.
